1. Proceedings of the last meeting.

Resolution.—Recorded.

2. (a) General Secretary's letter No. L 7264 L. B. 68-29-2, dated 9th April 1930, forwarding a petition dated 26th March 1930, from Mr. M. Nanjappa of Kantarajpur stating that about 8 miles of road between Sravanabelgola and Nagamangala remains to be completed and that he is prepared to make a contribution of Rs. 2,000 for the purpose, and enquiring whether the District Board are prepared to open the road with the assistance of the generous offer made by Mr Nanjappa.

(*b*) Provision of Rs. 1,000 made for the purpose in the District Board budget estimates for 1930-31, the amount being payable out of District Funds.

Resolution.—The Board convey their thanks to Mr. M. Nanjappa of Kantarajapura. Rs. 2,000 may be given as contribution to supplement the contribution of Rs. 2,000 promised by Mr. Nanjappa towards the formation of the road from Sravanabelagola to Nagamangala and the Government may be requested to contribute the remaining cost.

3. General Secretary's letter No. L. 7260—L. B. 169-29-1, dated 9th April 1930, forwarding an extract from the progress report of the Inspector of Office Systems, *re* inspection of Hassan District Board Office and requesting to take action to remedy the shortcomings in the matter of sorting of the old records of the defunct Taluk Boards, etc.

Resolution.—The new Board may entertain the required staff for sorting the old records in the Office. There being heavy work to the District Board staff, the Government may be requested to issue orders directing the sorting of the old records of the defunct Taluk Boards in the concerned Taluk Offices themselves, since the officials of the defunct Taluk Boards are now working as Village Panchayet and other departmental clerks in the Revenue Department itself and as most of the records and registers are also still in the Taluk Offices.

4. (a) General Secretary's letter No. D. 11726—G. 62-29-2, dated 12th April 1930, calling for the views of the Board as to whether the Board will bear half the pay and allowances of the Horticultural Inspector.

(*b*) Letter No. 249, dated 15th May 1930, from the Superintendent, Government Gardens, Bangalore *re* entertainment of C. L. Gundappa, a passed candidate for this District.

Resolution.—The services of the Harticultural Inspector, who has been transferred from Chikmagalur to Hassan as per Horticultural Director's letter to the Deputy Commissioner may be utilised.

5. Development Secretary's letter No. D. 11536-51—C. V. 97-29-2, dated 21st April 1930, calling for the opinion of the Board *re* (1) arrangements for the speedy disposal of questions connected with the repairs of Veterinary Hospitals and Dispensary buildings. (2) The proportion of initial and maintainance charges of Veterinary Dispensaries to be borne

by local bodies. (3) The agency to collect Municipal quota. (4) The cost of construction of new Dispensaries.

709

Resolution of the Standing Committee.

(1) The Committee recommend that the proposal about repairs may be accepted. But the proposals should reach the District Boards on or before the 15th February of each year as in the case of other departmental information that is required to be furnished to them for incorporation in their budget estimates (*vide* Government Order No. L. 7503—L. B. 92-23-18, dated 15th March 1924) and the execution of the repairs may be entrusted to the District Board as heretofore or the Departmental D. P. W. establishment and tools and plant charges at 18 per cent may be waived by Government.

Further, it seems necessary that simultaneously Municipal Councils concerned, should also be informed of the requirements of the department for such repairs After some experience it may be possible to strike an average for each building for annual maintenance, so that a lumpsum provision may be made for each District for repairs as in the case of Medical Institutions.

(2) *Re*: proportion of initial and maintenance charges of Veterinary Dispensaries to be borne by Local Bodies.

The Committee recommend that the proposals to increase the quota of local bodies cannot be approved, as in particular the finances of District Boards have been depleted by the transfer of rural mohatarfa and cattle pounds. Further, it may be noted that while the Committee propose the enhancement of contributions of local bodies, they ignore a like equitable adjustment of initial charges which are now being entirely borne by local bodies as per said Government Order of March 1925. Attention may be invited to the fact that it is understood that in Madras the entire Veterinary charges are borne by Government and it is but right that it should be, as it is part of "Agriculture" which provides the bulk of the States' Revenue.

(3) The proposal to collect the quota of contributions from Municipalities direct by Government may be accepted.

(4) The proposal to reduce the cost of the building may also be accepted, as recommended by the Department itself.

Resolution.—The resolution of the Standing Committee is approved.

6. Deputy Commissioner's letter No. R. O. C. 1030-27, dated 16th April 1930, calling for a clear and complete resolution of the Board in *re* proportion of cost to be borne by the local bodies and Government in respect of maternities.

Resolution of the Standing Committee.

1. As regards Saklespur, the matter has already been disposed of by Government Order accepting the proposal of half, one-third and one-sixth.
2. As regards Hole-Narsipur, the donor himself having provided quarters for the Medical Officer the question does not arise.
3. As regards the general principles governing futuer policies, the Board are of opinion that as these institutions are of a specialised nature and will unhappily be slow in their growth in view of social conditions, and the benefit of such institutions will generally be confined to special areas, and not be of general benefit throughout the District, it is suggested that the proportions may be on half by Government quarter by the District Board and quarter by the Municipality. It would only be fair that the liability of the Municipality which reaps most of the benefit should if necessary be further increased."

Resolution. The resolution of Standing Committee is approved.

7. (a) Deputy Commissioner's letter No. R. O. C. 657-29, dated 2nd April 1930, forwarding an estimate for Rs. 2,000 for extending the road from Uigere in the Kadur Taluk to Devarahalli in the Arsikere Taluk to join the Kamakatte road and calling for the resolution of the Board in *re* constructing the road from District Funds supplemented by the contribution offerred by Dharmaprakasha Chandregowda.

(b) Resolution dated 8th February 1930 of the District Board in the matter.

Resolution. The previous resolution of the Board will hold good.

8. Deputy Commissioner's letter No. 7078, dated 14th February 1930, *re* payment of Rs. 1,000 from the District Board Funds towards the State Scout Rally to be arranged during the calendar year.

Resolution.—Referred to Standing Committee.

9. Notification No. L. 4669—L. B. 129-29-11, dated 20th December 1929, prescribing the rate of fees for the grant of licenses by the District Boards.

Resolution.—Referred to the Standing Committee.

10. Government Order No. L. 2626-43—L. B. 111 28 40, dated 14th September 1929, passing orders *re* exempting country carts from payment of tolls at District Fund Toll Gates.

Resolution of the Standing Committee.—

"The right of collection of fees at the various tolls has already been sold by auction till the period ending 30th June 1931. It is therefore impossible to introduce

any modifications till then, as enormous compensation will have to be paid and no adequate data for compensation are available. However, after the period of the present contract expires similar concessions as are granted in the Government order may be granted in respect of certain of the District Fund Toll Gates only, though the matter is one that may be left to the consideration of the reconstituted Board before fresh contracts. We may indicate certain special considerations which seem to deserve weight. The tolls on the Hassan Arsikere road and Arsikere-Hiriyur road are not really the traffic of farmers but that of very well-to-do people making high profits and in one case competing with the railway. The Hole-Narsipur bridge toll similarly does not interfere with farmers and an expenditure of Rs. 57,000 has been incurred on the Channarayapatna-Narsipur new road. Perhaps any possible inconvenience would be minimised by shifting the toll bar from the bridge head to the junction of the new road with Hassan-Hole-Narsipur road. The Kerkapur bridge toll was imposed as Rs. 30,000 was spent upon a bridge primarily of use to the local people. Perhaps it may be removed after a definite period of ten years. Karehe Bridge is much used by country traffic, which does not contribute much to Dists of Funds while damaging the road surface in largest measure.

210

Resolution.—The recommendation of the Standing Committee is approved.

11. Tumkur District Board President's letter No. G. C. 200—27-28, dated 18th October 1927, in the matter of having a common toll gate on the Channarayapatna-Tiptur road and sharing the income between the Tumkur and Hassan District Boards.

Resolution of the Standing Committee.

"The lumpsum grants hitherto made were with a view to open out the road practically new and bring it into condition. The annual maintenance must be met by the Village Panchayets and neighbours interested and the Board can as in similar cases invariably only give a lumpsum grant-in-aid for annual maintenance if undertaken either by the Panchayets or approved parties interested. On this principle as a special case, a lumpsum grant of Rs. 100 for 1930-31 is provided in the District Fund budget; but it may be pointed out that the maximum funds that are likely to be available for such purposes will be Rs. 10 per mile.
